

**JOE WHEELER ELECTRIC MEMBERSHIP CORPORATION
OPERATIONAL POLICY**

Policy No.204

ADOPTED: FEB. 22, 1993

REVISED: MAY 15, 2007

REVIEWED WITH NO CHANGES: JANUARY 24, 2008

AMENDED AND BOARD APPROVED: OCTOBER 7, 2014

Subject: Meter Requirement

I. Objective.

- A. To establish the requirement for an electric meter at each customer location served, whether permanent or temporary.
- B. To establish an accepted wiring diagram for the service location.

II. Policy

- A. Each customer location served by the Cooperative shall have an electric meter, furnished by and the property of Joe Wheeler EMC mounted on the outside of the service location. Such meters are to be accessible by cooperative personnel.
- B. The meter base must be wired in an approved manner and the cooperative shall have the right, but shall not be obligated to inspect any installation before electricity is supplied or at any later date and reserves the right to reject any wiring or appliances not in accordance with the National Electric Code, the National Electrical Safety Code and other local ordinances (See Policy 207 Service to Permanent Residence, Section C. Member's Equipment and/or 208 Commercial and Industrial Services, Section C. Member's Equipment)
- C. In the event the customer modifies the structure or building in a manner which would prohibit the Cooperative from having access to the meter, the Cooperative reserves the right to require the customer to relocate the meter base to such location that will allow Cooperative personnel access to the meter.

III. Responsibility

- A. The Board of Trustees is responsible for a periodic review of this policy and shall approve all changes to the policy.
- B. The General Manager is responsible for the implementation of the policy.
